

# Teacher Assistant Application 2016 - 2017

Teacher Assistant positions are for Juniors and Seniors who are mature, responsible and have demonstrated clarity of purpose and commitment. Students must have completed all art credits for graduation, or submit their 4-year plan showing how the T.A. position will fit in with all required credits for graduation. Students are limited to one-year (2 semesters) of T.A. credit within the 4-years of high school; and students are graded "credit" or "no credit" instead of a letter grade.

Credits Checked

I have met with the supervising teacher to identify the tasks and responsibilities of this position.

I have reviewed and agree that this student will be under my direct supervision the majority of the class time. Working in an alternative location should happen rarely and only when absolutely necessary to complete the TA work.
