Instructions for this Section:

- ð Outline your itemized budget, using this page or attaching a separate sheet. An itemized budget includes a list of required items (such as supplies, equipment, and materials) and the associated costs.

- ð If goods or services are donated by someone other than you or your family, enter them as in-kind contributions. In-kind contributions must be the donation of a business or professional service for which a fee is generally charged. For example: if your friend agrees to accompany you on piano, you may not enter that as an in-kind donation. If a piano instructor agrees to accompany you without charge, or for a lesser rate, that is an in-kind donation. If the piano teacher agrees to be paid a half their normal rate, enter 50% as a direct cost, and 50% as an in-kind contribution.

- ð Add the cost of items requested for the pre-tax total. If items purchased are taxed, multiply the pre-tax total by .084. That will be the tax to for reimbursement. Add the pre-tax total to the tax for the final total.
