

School messages will now reach more families

VPS is always looking for ways to improve communication with all of our families including families with students who have multiple residences. In response to parent requests, these families now will receive auto calls and emails from their school. The following criteria must be in place:

- The family must be listed as the “second” family on the school registration form.
- The family must also be signed up for the district’s online Parent Access.

At this time, attendance messages will continue to go to the parent who has listed their phone number and email as the primary contact.

Parents who do not wish to receive school messages can opt out from receiving emails and calls.

Instructions to opt out:

- Opting out of auto calls: Call 855-502-7867 from the phone number that is receiving the phone calls you wish to stop.
- Opting out of emails: Parents can click on the "unsubscribe" link at the bottom of the email to stop receiving emails.

Questions? Please call our school office at 360-313-4600.
